Benefits: airport lounge
visits/year · + Davipuntos

Today, the Diners Club cardholder receives little more than points and basic lounge access. There is no concierge, no travel insurance, no purchase protection, no luxury hotel benefits, and no everyday-value partnerships. It is a powerful brand, currently operating at a fraction of its true potential.

THE GAP

The ground of discounts, lounges, and assistance services is already spoken for.

Visa and Mastercard won ubiquity. Diners Club can win through **belonging**.

Building belonging.

AON — Always On

An always-on platform of curated benefits, featuring the country's best dining experiences. Not simple coupons, but **handpicked moments** rooted in Diners Magazine's editorial authority — driving repositioning through **perceived value**.

Interesting Life

The most exclusive, inspirational side of the partnership. Private events, premium entertainment, and chef-driven gastronomy designed to uncover local hidden gems. **Unmatched moments** that redefine what it means to belong to a selective club.

The strategy communicates **measurable value** through exclusive discounts with curated partners. Each communication drives immediate action, highlighting benefits redeemable within the month.

A full ecosystem, ready to co-create.

There's nothing new to build to get started.

- 3 Flagship Annual Benefit:** Deliver a high-value reward featured in a special issue of the magazine.
- 4 Exclusive Experiences:** Unlock premium moments exclusively by paying with the Diners Club card (designed to generate incremental revenue for the franchise).
- 5 Section Sponsorship:** Position Diners Club as a core brand pillar across the magazine's entire ecosystem (print, web, social, La Mesa de Diners, and digital formats) to build sustained visibility and brand equity.
- 6 Curated Content:** Launch the "Diners Club Recomendada" special section, driven by a seasonal calendar.
